

# Youâ€™ve Been Duplicated

## Chrome

I saw you  
turning up the stairs  
It's been years  
since you've been here  
The things are still gone but things aren't the same  
There's no chance that you've been tranced  
You've been complicated  
You've been rather duplicated You've been complicated  
You've been duplicated  
You've been recreated  
You've been... replaced Go downtown cause I've lost count  
Now your eyes changed but your still the same  
Oh no Oh no  
You've been complicated  
You've been duplicated  
You've been resigned  
You've been...  
rather been replaced  
replaced...
