

Omega Dog

The Dears

Oh, it happened at the same time
It happened just the one time
It happened to usIt happened at the same time
It happened just the one time
It happened to usPressed down, pressed down
Shakin' together
Ooh, pressed down, pressed down
Shakin' together
Ooh, pressed down, pressed down
Shakin' over usOh, it happened at the same time
It happened just the one time
It happened to usPressed down, pressed down
Shakin' together
Ooh, pressed down, pressed down
Shakin' togetherOoh, pressed down, pressed down
Shakin' together
Ooh, pressed down, pressed down
Shakin' over usI'm only one
I'm only one
I'm only one
I'm only one
