

Eurielle

Eurielle

On the wind I hear you calling
From the ocean far away
Whispered as the light is falling
You gently call my name

Chorus

Eurielle, Eurielle!
Will you wait for me?
Will you wait for me?

Verse Two

Though the winter sun is fading
And the days turn black as night
I still hear your voice saying
Soft words upon the tide

Chorus

Eurielle, Eurielle!...
(Repeat)

(Instrumental Section)

Verse Three

Waves break in the silence
Peace shatters all around
Through the storm I feel your guidance
To your heart, I am bound!

Chorus

Eurielle, Eurielle!...
(Repeat)
