

Take It To The Lord

Dc Talk

Aw, are we goin' back for this one now?
Aah, the dc gogo jam, oh gettin' busy with dc talk, get out
Now when you're down and feelin' out
I know ya take it to the Lord
But those times when ya got the clout
Do you take it to the Lord?
When you're outta cash and ya rent is due
I know ya take it to the Lord
But when you're livin' large and you got the juice
Do ya take it to the mighty Lord?
Take it to the Lord, take take take
Who you take it to?
Take it to the Lord y'all
You gotta take it to the Lord
Take it to the Lord, take take take
Who you take it to?
Take it to the Lord y'all
You gotta take it to the mighty Lord
You tend to take it to God when your losin' grip
You got Christ in your heart, but ya livin' a trip
I mean, when ya got trouble, ya call his name
But everybody prays when it comes to pain
Or when you're feelin' down and you need a burst
Say a short prayer, read a Bible verse
And then expect my Father to honor that
Yo the life that your livin' is straight up wack, you gotta
Take it to the Lord, take take take
Who you take it to?
Take it to the Lord y'all
You gotta take it to the Lord
Take it to the Lord, take take take
Who you take it to?
Take it to the Lord y'all
You gotta take it to the mighty Lord
Now this song ain't to dis your name
And it sure ain't to get me fame
I just gotta explain that it ain't no game
Call Him when you need him, then forget the name
Yo that's lame and I will proclaim

Stop usin' God for your personal gain
 'Cause in the end, you'll be left to hang boy
 Check the word, it'll tell you the same, you gotta
 Take it to the Lord, take take take
 Who you take it to?
 Take it to the Lord y'all
 We gotta take it to the Lord

Take it to the Lord, take take take
 Who you take it to?
 Take it to the Lord y'all
 We gotta take it to the mighty Lord
 You need to take it to God on the regular tip
 When things go right, it seems that you forget
 That He wants your attention, He wants your praise
 Unsituational, regardless of days
 It's a 24-7 type a sich at hand
 Based upon grace, God's love for man
 And He's ready and waitin', arms open wide
 So take it to God, 'cause He's on your side, you gotta
 Take it to the Lord, take take take
 Who you take it to?
 Take it to the Lord y'all
 We gotta take it to the Lord, yeah
 Take it to the Lord, take take take
 Who you take it to?
 Take it to the Lord y'all
 We gotta take it to the Lord, yeah
 Take it to the Lord, take take take
 Who you take it to?
 Take it to the Lord y'all
 We gotta take it to the Lord
 Take it to the Lord, take take take
 Who you take it to?
 Take it to the Lord y'all
 We gotta take it to the mighty Lord
 When you're down and feelin' out
 Who you take it to?
 Even when you've got the clout you need to
 Take it to the Lord
 When you're out of cash, and your rent is due
 Who you take it to?
 When you're livin' large and you've got the juice
 Do you take it to the mighty Lord?
 Who you take it to, who you take it to, who you take it to?

Dc in the house
Who you take it to, who you take it to, who you take it to?
You got to take it to the Lord
Who you take it to, who you take it to, who you take it to?
Yeah, yeah, yeah, yeah
Who you take it to, who you take it to, who you take it to?
Dc in the house
