

# We've Got to Have Love

Wilson Pickett

Some folks think they got the world on a string  
But we know better  
Some folks think that money is everything  
But we know better We got to have love  
We got to have a real true love  
We got to have love  
Now I swear by that stars above Life can be so wonderful  
Like a flower in full bloom  
it can be blue money  
Raining down in your room  
We got to have love  
We got to have a real true love  
We got to have love  
Now I swear by that stars above I heard a voice cry out in the wilderness  
Saying somebody save me  
I was a lonely lonely man I  
I needed your love so desperately  
Yes I did y'all alright I found me a love  
I found me a real true love  
I found me a love  
Now I swear by that stars above  
We got to have love  
We got to have a real true love  
We got to have love  
Now I swear by that stars above  
We got to have love  
We got to have a real true love  
We got to have love  
Now I swear by that stars above
