Craze

KMFDM

Buildings fall - People crawl
Nailed against another wall
Light or dark - Break and start
Idiot could play the part
Make it mine - Pain and crime
Fading light - Other signs
Take it back - Crowbars crack
Break it down - Remain intactThere's nothing like giving the game away
All the people are feeling the same today
Take a hammer and break a bone for me
There's nothing like giving the game away
