

Collide (CLBTS Remix)

Justine Skye

I been knowing you for long enough
 Damn I need you right now
You can take your time, don't have to rush
 This might take us a while, (yeah)
I left all the doors unlocked and you said you're on your way
When you get here don't just say a word, got no time to play
 I know you think that you know me
 But you ain't even see my dark side
 This is for you only
So baby do it right, do me right
 We can go all the time
 We can move fast, then rewind
When you put your body on mine
 And collide, collide
 It could be one of those nights
 But we don't turn off the lights
 Wanna see your body on mine
 And collide, collide
Baby it's all yours if you want me, all yours if you want me
 Put it down if you want me (tonight)
Said it's all yours if you want me, all yours if you want me
Put it down if you want me (Let's collide)
 Wakin' up, she on it
 Good love in the mornin'
 Get on top my cojones
 I pleasure you for the moment
This don't come with no warranty
 You want it but can't afford it
 My world is different than yours
 You're opinion of me is glory
 Glorifying in all these foreign
 Back to future, and DeLorean
You ain't used to feelin' this important
 Cars imported, girls imported
 In subordinate, get deported
 Baby check, my inventory
 Gotta whole lot in store for ya
 Birkin bags, purple tags
I can out a whole lot of shit on blast
 Vera Wang, Ballinciaga
 Baby you ain't never to fly for that
 I talk a lot of shit, cause I can back it up

She know I'm the shit, so baby back it upWe can go all the time
We can move fast, then rewind
When you put your body on mine
And collide, collide
It could be one of those nights
But we don't turn off the lights
Wanna see your body on mine
And collide, collide
Baby it's all yours if you want me, all yours if you want me
Put it down if you want me (tonight)
Said it's all yours if you want me, all yours if you want me
Put it down if you want me (Let's collide)I know that this is life when we touch boy
You got my heart
And can't nobody make me feel like you do, boy like you doWe can go all the time
We can move fast, then rewind
When you put your body on mine
And collide, collide
It could be one of those nights
But we don't turn off the lights
Wanna see your body on mine
And collide, collide
Baby it's all yours if you want me, all yours if you want me
Put it down if you want me (tonight)
Said it's all yours if you want me, all yours if you want me
Put it down if you want me (Let's collide)
