(Bridge) (x1)

thought i had a damn girl, all she wanna do is act up (aye)
call the Zay (aye) call in the back-uh (aye)
a new girl attractive with a fat butt (aye)
your new man is a lame thats a fact-uh (aye)
and i aint mad, but its a sad, i didn't ask you for much
i just wanted it to be love, and i just wanted to fuck
and you was good at the second but not so much the first
and i hate to be that person but im wishing you the worst

ive been working hard to buy that car you used to dream of
to pull up next to you in that new whip and imma lean back, imma lean back, imma let you see my cupid back passenger
you gon' be confused like am i mad or am i mad at her
i was the best to ya now i gotta flex on ya
used to love sex and them kisses on the neck from ya
but things change like weather, whateva'
i hope you doing good but you know im doing better while im..

(chorus) (x1)
(bridge) (x1)
