

We Are Victorious (feat. Tye Tribbett)

[Donnie McClurkin](#)

We are victorious
We are victorious
Nothing can conquer us
We are victoriousWe are victorious
We are victorious
Nothing can conquer usWe are victorious
We are victorious
We are victorious
We are victorious
We are victorious!Standing in the middle of the battlefield
Nothing but victory on my mind
Never gonna stop, never gonna yield
More than a conqueror every time
Every timeWe are victorious
We are victorious
Nothing can conquer usWe are victorious
We are victorious
We are victorious
We are victoriousSomebody scream & say
We are Victorious!It really took a lot to get this far (It really took a lot to get this far)
Past failure could never stop our kind (you'll never, you'll never stop this victory y'all)Winners always carry
many scars
We look for the winning every time (every time!)
Every timeWe are victorious (hallelujah!)
We are victorious
Nothing can conquer usWe are victorious (Let me hear you say)
We are victorious
We are victorious
We are victoriousNothing is stopping me
No limits are blocking me
This is my destiny
Everyone say
Everyone sayNothing is stopping me
No limits are blocking me
This is my destiny
There's only One greater than me x3The bible says, now thanks be unto God which always cause us to triumph.
That means He makes me win, so that means...I amvictorious
And You are ...victorious
And We are ...victoriousWe are, We are

Victorious (lift your hands and say)

Victorious (raise your voice and say)

Victorious (say we are)

We are, We are (repeat)Victorious, victorious, victorious

We are, we are

Nothing can stop us. Victorious. Nothing can block us. Victorious. Nothing can move us. Victorious. We are, we are Victorious

Nothing can stop us. Victorious. Nothing can block us. Victorious. Nothing can move us. Victorious. We are, we areWe are, we are
