Better Better

Mis-Teeq

Make you feel
Don't you ever get restless
Don't you ever want to chase a thrill
When you find in the spring
Is a natural thing
So very understandable
That your eyes are straight
And very weariness away
Smile coming now smile
Or the juice running loose
From the food of a friend
My love's gonna taste much better better
Come I make you feel better baby
I can make you feel good (I can make feel good)
It doesn't matter whatever they do
As long as I make you feel better better
Come I make you feel better baby
I can make you feel good (I can make feel good)
It doesn't matter whatever they do
As long as I make you feel better better
La la la la la la.....
Move a little closer
Then ain't nothing that I got to hide
As the time past you only see the grass
Grows greener on my side
If you want to go for it
Don't go for it
'Cause time will only pass you by
So take a tip
Think the thick of it
And make me feel better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better

I'll make you feel better, better, better, better
I'll make you feel better, better, better, better
I'll make you feel, I'll make you feel
Better, better, better, better, better, better, better
Make you feel
Move a little closer
Then ain't nothing that I got to hide
As the time past you only see the grass
Grows greener on my side
If you want to go for it
Don't go for it
'Cause time will only pass you by
So take a tip
Think the thick of it
And make me feel better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better
Come I make you feel better baby
I can make you feel good
It doesn't matter whatever they do
As long as I make you feel better better
La la la la la la la la....
(Make you feel good, make you feel good)
As long as I make you better, better
(Make you feel good, make you feel good)
La la la la la la la la....
(Make you feel good, make you feel good)
