Blackout

LINKIN PARK

I'm stuck in this bed you made
Alone with a sinking feeling
I saw through the words you said
To the secrets you've been keeping
It's written upon your face
All the lies how they cut so deeply
You can't get enough you take
And take and take and never sayNo, you've gotta get it inside
You push it back down, you push it back down
No, you'll never get it inside
Push it back down, blackout, blood in your eyeYou say that it's not your fault
And swear that I am mistaken
You said it's not what it seems
No remorse for the trust you're breaking
You run but then back you fall
Suffocate in the mess you're making
You can't get enough you take
And take and take and take and take
Fuck it, are you listeningNo, you've gotta get it inside
You push it back down, you push it back down
No, you'll never get it inside
Push it back down, you push it back down
No, you've gotta get it inside
You push it back down, you push it back down
No, you'll never get it inside
Push it back down, blackout, blood in your eyeFloating down as colors fill the light
We look up from the ground in fields of paperwhite
And floating up, you pass us in the night
A future gazing out, a past to overwrite
So come down far below
We've been waiting to collect the things you know
Come down far below
We've been waiting to collect what you've let goCome down, oh
Come down, oh
Come down, oh
Come down, oh
Come down, oh
