

Shine

Disbelief

shine, shine I'm so depressed, I'm so alone
with my own thoughts
they, never been told it's like a tunnel, no light surrounds me
I lose my aim
and I'm in grief shine, shine... my time will come, then I'll shine
I'm looking back
subjected life until it's true I must be strong
I've to stand tall
without a doubt I'm blind
no, I'll shine, I'll shine, I will... shine - shine - shine - shine it's just one step, it's just one thought
keeps me alive
to carry on it's not for you, only for me
it's like a wonder
and now I'm in love I'm blind
no, I'll shine, I'll shine, I will... shine - shine that was my story of bitterness and no glory
now see me shine, now see me shine
