

# State of Mind

## Mad Caddies

I feel the heat, the fire that burns  
deep in my soul, as this hell-ride returns  
no one around to hear me cry out  
open my mouth, but i can't make a sound  
i feel the weight of the world sometimes hanging on my head,  
whoa  
look for the light at the end of this tunnel once again  
i'm taking bout the right state of the right state of  
the right state of your mind  
fear for the worst i cant catch my breath  
my heart beats to the sound of unrest  
pulse racing high, my thoughts are so low  
reach out my hand, but theres no one to hold  
we walk alone through this strange life  
it can be so cold sometimes,  
whoa  
just close my eyes and remember  
if you search you just might find  
i'm talking bout the right state of  
the right state of  
the right state of your mind  
i feel the weight of the world sometimes  
hanging on my head, whoa  
look for the light at the end of this tunnel one again  
i'm talking bout the right state of the right state of  
the right state of your mind
