Talk Like That

The Presets

Uh oh! (5x)My, how you've grown
I think I'll call you on the telephone
And tell you all the things that I've been missingUh oh!Turn out the lights
Where we're going we don't need 'em tonight
We're at your daddy's home but he's not listeningYou make me crazy when you
Talk like that

Taik like that

I might go crazy when you Talk like thatYou know I love it when you

Talk like that

And girl I'm crazy when you

Talk like that

You make me crazy when youUh oh! (2x)Our time has come

Start of the race and we're ready to run

We're on a roll tonight and you won't fight itDon't like to see

Send them the memo tough cheese

They ought to try sometime they might just like itTalk like that

I might go crazy when you

Talk like that A little creepy when you

Talk like that

Girl I love it when you

Talk like that

You make me crazy when youUh oh!You make me crazy when you

Talk like that

I might go crazy when you

Talk like that A little scary when you

Talk like that

But kid I love it when you

Talk like that

You make me crazy when you
