Don't Write Me Off

Hugh Grant

Its never been easy for me
To find words to go along, with a melody
But this time theres actually something, on my mind
So please forgive these few brief awkward linesSince Ive met you, my whole life has changed
Its not just my furniture, youve rearranged
I was living in the past, but somehow youve brought me back
And I havent felt like this since before Frankie said relaxAnd while I know, based on my track record
I might not seem like the safest bet
All Im asking you, is dont write me off, just yetFor years Ive been telling myself, the same old story
That Im happy to live off my so called, former glories
But youve given me a reason, to take another chance
Now I need you, despite the fact, that youve killed all my plantsAnd though I know, Ive already blown more chances
Than anyone should ever get
All Im asking you, is dont write me off, just yet
Dont write me off just yet
