Yesterday's Anointing (feat. DJ Nicholas)

Samuel Medas

Yesterday Anointing can not do
Jesus you no I need more of you

Is more than feeling
I need your power too live release the anointing together to build up
To forgive per me of every thing is not of you
I want to walk in the christ of today and do every thing you cal me

Fill me up Yesterday anointing coon not do
Jesus you no I need more of you

Yesterday's power
Yesterday pass
Yesterday seen
Yesterday tasks
Yesterday bless up
Yesterday taskYesterday you get me is a new day if you will again
Seek him sing your song fill again
All your christ b e build again fresh anointing build again lord

Yes in my pray lord more of you put more need to do more of you gave
more gave more gave more gave me we want more
gave more of you watch more need to do gave me more

One single touch form the lord could take me every far walk in the
desert and reach me in the war fresh one rain
down from heaven and fill me up come from the car

Because he never fail always fill full sometimes or there how i
forgot all the good things he gave relied on protection it baby gave

Fill me up until I over flow I want to run over I want to run over
Fill me up until I over flow I want to run over I want to run over
Fill me up until I over flow I want to run over I want to run over
over and over
