

# Darling

## Jimmy Gnecco

I thought that I could save you with a song  
I was wrong, so wrong  
I thought that I could keep you when I'm gone  
I was wrong, so wrong Tonight I'm coming for you  
So take all you can carry  
Spend my life running for you  
And darling, I won't let you go  
Darling, I won't let you go I wanted to believe in you  
Because life was almost gone  
I wanted to hear you say you were wrong  
Because I was wrong for so long Tonight I'm coming for you  
So take all you can carry  
Spend my life running for you  
And darling, I won't let you go  
Darling, I won't let you go The seeds are in the grass  
And when it seems like it will pass  
It gets so strong it pulls you down  
We're dying everyday that we're around Did you know? Did you know?  
That you'd gain so much control when you let go  
That takes a man to know  
And I know but darling, I won't let you go  
Darling, I won't let you go The seeds are in the grass  
Seeds are in the grass  
Darling, I won't let you go  
Darling, I won't let you go
