Summer Love

Denyque

Chorus:
Once the sun goes down
Summer love ain't always gonna be around
ain't always gonna be around
ain't always gonna be
So I write our days down
Because summer love
ain't always gonna be around
ain't always gonna be around
ain't always gonna be
Verse 1:
Love struck
I'm here writing pages bout my dumb luck
I haven't felt this way in ages but
I found a reason
to enjoy the season
Straight off of a page outta my diary
I see my summer love in its reality
So I tilted my sunshades
I tilt my sunshades.
Chorus
Once the sun goes down
Summer love ain't always gonna be around
ain't always gonna be around
ain't always gonna be
So I write our days down
Because summer love
ain't always gonna be around
ain't always gonna be around
ain't always gonna be
Verse 2:
Love crazed
I'm here writing pages 'bout our sunny days
Rainy days and every day that I got to know you
to kiss and hold you
You are the pages of my diary
You are my summer love in its reality
and I hope it goes both ways
Better go both ways

Chorus
Once the sun goes down
Summer love ain't always gonna be around
ain't always gonna be around
ain't always gonna be
So I write our days down
Because summer love
ain't always gonna be around
ain't always gonna be around
ain't always gonna be
Bridge
I've been wondering, wondering
Oh oh uh oh oh
I've been wondering, wondering
Oh oh uh oh oh
How is it that your season fills my diary?
Empty pages if I never had your summer love
I'm wondering, wondering
Oh oh uh oh oh
Rept Chorus
