

Pick You Up

Kevin Ross

Standing there looking at the man in the mirror
It's hard to make a change when you so far gone
Feeling like your dreams couldn't be any further
But you doing what you gotta do, just to keep the lights on
Praying hard for lighter rain
But it won't let up or go away
It won't be long 'cause we've all seen brighter days
You're not alone 'cause I'm just one call away
So don't forget when life brings you down
Won't last forever, it's just for now
Everything will turn back around
So you don't have to stay on the ground
I'll pick you up
I'll pick you up, up
Feeling like you got the whole world on your shoulders
You try to walk with it but you stumble and fall again
Out here on your own, thinking nobody loves you
And you wouldn't be mad if you didn't wake up the next day
But you're praying hard so your knees don't feel a
thing
And you smile, won't fool this masquerade
If there's a God, why won't he help me through the pain?
The reason why is to make us stronger men
So don't forget when life brings you down
It won't last forever, it's just for right now
Everything will turn back around
So you don't have to stay on the ground
I'll pick you up
I'll pick you up, up
I'll pick you up
I'll pick you up, oh
I'll pick you up
