Ominous Man

The Verve Pipe

i should be half a mile from here

i will go anywhere she goes shoulder the bags of a previous lover i will go anywhere she goes sleep on the pillow that reeks of another

a will of mine to be impressive i'm an amorous man

i will go anywhere she goes travel whenever, whatever the distance

the court deemed me to be offensive i'm an ominous man

once love is unanimous no order demands

i should be half a mile from here

the court deemed me to be obsessive
i'm the ominous man
jury reject the alibi's seemingly watertight
for the ominous man

i am the ominous man
