

Viva Evil

Pig

Evil eats what evil needs
Evil needs what evil sees
Evil sees and evil bleeds
Evil seeks what evil needs Evil knows and evil crawls
Evil hopes and evil copes
Evil lies and evil dies
Evil is born and then it rises Evil's got lucky
Evil's got style
Evil needs to pick you up once in a while
Evil's got heart but I swear that I know
Evil's got??? and a radar alarm
Evil likes to cut and harm
Evil needs the lust and love of the Lord
Evil will blow ya, with sweetest breeze
Drags you down on your knees
