

# So Still

## Mozez

Taking from space  
Borrowing from time  
Living the  
Forgetting some time  
Making mistakes  
Chasing the sun  
Asking the crystal ball to tell  
Who has won

Setting the pace  
That brings you down  
Thinking emotion  
Can figure it out  
Taking the prey  
Not making the sound  
Seeking for  
A higher ground

So still  
Beauty is found  
So still  
Silence, no sound  
So still  
Heaven surrounds  
So still  
Taking you down

Chancing ahead  
And making  
Losing it all  
Confusion?  
Placing a stake  
On what's guaranteed  
Losing it all  
Feeling the

Looking  
See someone else  
Where it's all gone

Children's  
Left all alone  
They're all on their own  
They're all on their own

So still  
Beauty is found  
So still  
Silence, no sound (making no sound)  
So still  
Heaven surrounds  
So still  
Taking you down (taking you down)
