

# When I Die

## Groove Coverage

The tie tire and dieing  
Well tension gross cold  
Undercover of darkness  
My visions were sold  
I still fill your body  
Your sex and your mind  
Your taste and your blessing  
Well safe me tonight

When I die I tired for you  
Cause make my deep  
As dreams come true  
Cause when I cry  
I cry for you  
My life is nothing  
Without you

When I die I tired for you  
Cause make my deep  
As dreams come true  
Cause when I cry  
I cry for you  
My life is nothing  
Without you

The season are turninâ€™™  
Well dreams disappear  
Undercover of darkness  
I feeling you near  
Do you see my body  
My sex and my mind  
Without all displeasures  
I loosing my life

When I die I tired for you  
Cause make my deep  
As dreams come true  
Cause when I cry  
I cry for you  
My life is nothing

Without you

When I die I tired for you

Cause make my deep

As dreams come true

Cause when I cry

I cry for you

My life is nothing

Without you
