

Devil In Her Heart

Gary Moore

Well, it's been said
That she's got a certain fascination
But she's a one way ticket
To a final destination
She's coming out to get you
With a love that will tear you apart
She's coming out to get you
Well, you better watch out
She's got the devil in her heart
She's got the devil in her heart
She's got the devil in her heart
She's got the devil in her heart
Well, you can find yourself with her
In a sticky situation
But she'd stab you in the back
Without a moment's hesitation
She's coming out to get you
With a fear that will grip you inside
She's coming out to get you
She could drive you to suicide
