

Give Me Loving

Goloka

Chaka Khan
The Woman I Am
Give Me All
I wanna get deeper
Deeper than skin
I wanna be more than
Just another friend I'm ready to love you
With all of my heart
But i won't give it if you
Can't do your part Chorus:
A little bit just ain't it
Give me all
A little love is not enough
Give me all Bridge:
Need your lovin'
Need your kissin'
Don't want nothin'
To be missin' You're givin' me portions
You wanna move fast
What you're giving
Is never gonna last I wanna be closer
I need to have more
'cause i'm gonna love you
Like no one before Chorus Bridge I'm on fire babe
You wanna build me up
Just to let me down
