Voyage to Atlantis

The Isley Brothers

Can I go on my way without you
Oh, how can I know
If I go on my way without you
Oh, where would I goSet sail with me
Misty lady, set my spirit free
New love to find
And though I leave another behindI'll always come back to you
I'll always come back to you
I'll always come back to you
I'll always come back to youShe's my lady, now and ever
Oh, how can I know
Can we go all the way together
Oh, let it be soSo we'll say our last goodbye
And we'll make it this time
Hey ho set sail with me
To a paradise out beyond the seaAtlantis is back to you
I'll always come back to you
Atlantis is back to you
I'll always come back to youAtlantis is back to you
I'll always come back to you
Atlantis is back to you
I'll always come back to youAtlantis is back to you
I'll always come back to you
I'll always come back to you
I'll always come back to you
