

Human Behavior

[Björk](#)

If you ever get close to a human and human behavior
Be ready, be ready to get confused and me and my here after
There's definitely, definitely, definitely no logic to human behavior
But yet so, yet so irresistible and me and my fear can
And there is no map uncertain They're terribly, terribly, terribly moody of human behavior
Then all of a sudden, turn happy and they and my here after
But oh, to get involved in the exchange of human emotions
Is ever so, ever so satisfying and they and my here on
And there is no map and chair too Human behavior, human behavior
Human behavior, human behavior And there is no map
And a compass wouldn't help at all
Yeah, uncertain Human behavior, human behavior
Human behavior, human behavior
Human behavior, human behavior
Human behavior There's definitely, definitely, definitely no logic
To human, to human, to human, to human
