Extraordinary Love

Stacy Barthe

OhI was just a girl, you were just a boy
together we were one
together we were perfect
talk about in sync
you know what I'm thinking
before I could even think it, get out my head
I was just a girl, and you were just a boy
two ordinary peopleMade extraordinary love
extraordinary love
I was just a girl, you were just a boy
two ordinary people
two ordinary people
Made extraordinary love
extraordinary love
extraordinary love
extraordinary loveMade extraordinary love
extraordinary love
I was just a girl, you were just a boy
two ordinary people
two ordinary people
Made extraordinary love
extraordinary love
extraordinary love
extraordinary love
