## Slow Club

Sworn to it if you're ever coming back  
sworn to it if you're ever coming back  
'cos it was over like you said  
    because I was awful like you knew  
    because it was closer than you ever though  
a girl could get to youI know I said I'd leave them but I lied  
    but for a while there I thought I might  
        but could I have the life  
        you decided you'd like  
I know that sorry's not enough  
and I deserve to lose your love  
    but I need calming down  
    and we never knew how  
Sworn to it I'm afraid I can't take it back  
and the appeals I made highlighted what I lack  
I'm sad that I like new skin so much  
    but I'm gonna try to give that up  
    because this is closer than  
I've ever got to really feeling loved  
to really feeling lovesI know I said I'd leave them but I lied  
    but for a while there I thought I might  
        but could I have the life  
        you decided you'd like  
I know that sorry's not enough  
and I deserve to lose your love  
    but I need calming down  
    and we never knew how  
And I don't wanna be the one you call  
    'the girl who brought me down'  
    and I don't wanna be guilty of knowing  
I could have let you out to find her soonerI know you won't hear me - but I'll always love you  
    I know you can't hear me - but I always loved you  
        and if they ask me - I have always loved you  
I have always loved youI know I said I'd leave them but I lied  
    but for a while there I thought I might  
        but could I have the life  
        you decided you'd like  
I know that sorry's not enough  
and I deserve to lose your love

but I need calming down  
and we never knew how
