

# She Says (Chris Lord-Alge Long Mix)

## Howie Day

Sweet is the sight  
Of her room  
Window open, lit by candle light  
How would you know  
Cold winter on the shore  
Chills the dress she wore  
It's on the floor  
Still it feels so warm today And that's why I'm wondering  
Why you had to tell me  
What's going on in your head  
What's wrong  
Come around another time  
When you don't have to run And when she says she wants somebody else  
I hope you know that she doesn't mean you  
And when she breaks down and makes a sound  
You never hear her the way that I do  
And when she says she wants someone to love  
I hope you know that she doesn't mean you  
And when she breaks down and let's you down  
I hope you know that she doesn't mean you  
Yeah yeah no no  
Swing into flight  
Over hills  
Over her hills it's twilight  
Yeah I guess that's right now  
And why won't you tell me  
Why it's so funny  
That you're so funny  
When you're mad  
'Cause it's mad, so mad And that's why I'm wondering  
Why you had to tell me  
What's going on in your head  
What's wrong  
Come around to another time  
When you don't have to run
