

Happy Families

[Richard Hawley](#)

Life can be unkind, I've seen it in your eyes
I've loved you all my life, and loving you is fine But I won't let you go straight
No I won't let you go Cos we're just one big happy family
And we're not touched by the hands of tragedy And I'm so, so cold in here
And I'm so, so alone in here
And just a little vague
