Oh bloody Mary,
what you done?
I seen you lookin baby,
keep tellin me all these things I never know
And what you've done

Oh bloody Mary,
time for your change
I seen you runnin baby
Keep telling you all these things you'll never do,
It's what you've done

But you'll never know,
Oh youll never know
Yourself in black and white

Oh bloody Mary,
pray for the weak
I seen you shaking baby,
Keep telling them all these thing they never learned,
and what you want

Oh retribution,
stay with me
I've seen a question, maybe
Keep telling me all these thing were never true,
is what you want

But you'll never know,
Oh you'll never know
Yourself in black and white

Oh bloody Mary,
try not to think
I seen you wonder baby
Keep telling me all these thing you've never done,
it's what you do

Oh sister Mary,
Pray for me

I got your answer baby
Keep telling me all these things you never do
But a cold hand burns

But you'll never know,
Oh you'll never know
Yourself in black and white
