Beast Mode

Jake Miller

yeah
it seems like the world is testin me
will I conquer or will it get the best of me
half of the world sees success in me
the half other is second guessin me
but I kid you not don't mess with me
cause I think I got something possessed in me
no matter what I'm gonna give whats left in
I didnt choose this life it was destiny
now i'm feelin like I might go psycho
stand back cause I'm feelin like i might blow
slim chance but I'm puttin up a fight though
they tell me this the wrong path but I know its right though
I'mBout to pick up the world and shake it
throw it to the ground and laugh as I break it
let the whole world know that I'm gonna make it
and if you don't give it to me then I'm gonna take it
BEAST MODE I'M IN BEAST MODE
gunnin' for the top cock back reload
I'm a new man with a new attitude
but don't get me wrong I'm still me though
im all in now, i aint bluffin'I risk everything regret nothin'
my determinations disgustin'
so everyday my ass I'm bustin'
lemme take ya back, break it down
just a couple more months then college bound
got a scholarship, my bags were packed
then my world turned upside down
when I got that phone call so shockin'
I thought my heart was stoppin'
are you serious? this a one in life time opportunity knockin'
but wait, what now? I thought I had my life figured out
everything I was once sure about was now skepticism and doubtalmost lose control lost sanity
meanwhile my friends abandoned me
I felt lost in the world for a little bit
I had nobody but my family
but I bounced back and got in the zone
last nights just me and the microphone
my friends were off at college while i was right here sittin 'here at home

they were partying I was cuttin' tracks
they were goin' out I was makin' stacks
this the road I choose so you know I'm gonna walk it proudly and never look back
now fast forward a couple years
most of my fears have disappeared
after the blood the sweat the tears I dedicate this right hereto all my nonbelievers and haters
y'all doing me nothin' but favors
keep talkin', I cant hear you
someone go get me a translator
it used to get to me, to the old me
think you can do it better? then show me
those who know me least have the most say
don't judge me if you don't know me
whether I'm a billionaire or flat broke
you think that matters? is that a joke
if you aint got talent, you really think the money will get you anywhere? nope oh you wanna play music monopoly
I've mastered the game no toppin'takin' over the world why the money adds up
I'm just passin' go there's no stoppin 'me
I worked so hard, I earned it
its mine now and I'll never return it
Ima do it, Ima do it so damn big
everyday my fans confirm it
so blast off I'm outta here
outta this world to the atmosphere
so long, I'm gone
beena hell of a ride what a year
this just the start the beginnin'
the top of the very first innin'
no need for a call to the bull pen bottom of the 9th and I'll still be winnin'what I went through, it was worth it all
all the times being pinned up against the wall
tryin' to please my family friends and fans
when its all said and done after all
I gotta do whats right for me
I gotta chase after this dream
I'm so proud of us how we far came
me and my whole damn team
yeah I'm just doin' my best
for real I feel so blessed
I think somebody's watchin' over me
tell me world did I pass your test
did I do this right? please tell me
I need you now, please help me
cause life don't come with no manual
I played the cards that you dealt me

my life is on the line, every time Ii rhyme
always on my grind, 24/7so much on my mind, someone please remind
me that I'll be fine, where am I headin
to da fans, my life I owe you
so close to my heart I hold you
but to anyone who ever doubted me
I'm so proud to say that I told you
