

Teacher's Pet

Extreme

My formal education
Never bothered with my A B C's
Teacher student relation
Taught me all about the birds and beesSchool boy fantasy
Lose control of all my facultiesYou know that one thing
That got through to me
Was her body chemistry
Oh noSubject to body language
Ain't so hard to read between the lines
I scored above average
Oral examination is where I shineSchool boy fantasy
Lose control of all my facultiesStudent body graduated
At the highest degreeYou know that one thing
That got through to me
Was her body chemistry
Oh noPurely scientifically
Studied her anatomy
Oh no, noOne thing that got through to me
Was her body chemistry
Oh noPurely scientifically
Studied her anatomy
Oh no, noOne thing that got through to me
Was her body chemistryPurely scientifically
Studied her anatomyOne thing that got through to me
Was her body chemistryPurely scientifically
Studied her anatomyTeacher's pet, teacher's pet
God only knows that's
What you do to meOh no
