

Violent World

Misfits

Pregnant mothers in Mexico
Give birth to stillborn monster babies
Hideous deformed two-headed monsters
Vivisected for your magazine essay
C'mon, c'mon
C'mon to the violent world with me
C'mon, c'mon
C'mon to the violent world
Nazi demons, Nazi youth
Wolverines in dark black suits
Yea, they shove you in an oven and you start to cook
Blame it all on Nazi youth
Well, c'mon, c'mon

C'mon to the violent world with me
Well, c'mon, c'mon
C'mon to the violent world
Any opportunity comes
You can't afford to rot, so you move on
Any opportunity comes
You can't afford the right to move on
So c'mon, c'mon, c'mon
Violent world, violent world
Violent world, violent world
Violent world, violent world
Violent world
