

Desire

En Vogue

Oom baby, oom baby, oom baby, oom baby
Oom baby, oom baby, oom baby, hey you baby A feeling I can't control
Is haunting me when you're not home
A feeling roams deep inside
There really is no place to hide
Desire Desire, ooo like fire
Come on baby, light my fire
Desire, ooo like fire
Oh desire, ooo like fire
Come on baby, light my fire
Desire, ooo like fire Everywhere I go I have thoughts of you
Little fantasies of being with you
Having no control when having desires
Like having no more water to put out the fire Every little minute grows my addiction
Each and every hour I fight the power
On and on the feeling never gives in
Don't never try to fight it, you never win Desire, ooo like fire
Come on baby, light my fire
Desire, ooo like fire
Ooo desire, ooo like fire
Come on baby, light my fire
Desire, ooo like fire
Oh desire Oom baby, oom baby, oom baby, oom baby
Oom baby, oom baby, oom baby, hey you baby
Oom baby, oom baby, oom baby, oom baby
Oom baby, oom baby, oom baby, hey you baby Desire, oo like fire
Desire, oo like fire
Desire, oo like fire
Desire, oo like fire Oom baby, oom baby, oom baby, oom baby
Oom baby, oom baby, oom baby
Hey oom baby, oom baby, oom baby, oom baby
Oom baby, oom baby, oom baby, hey you baby Desire, oo like fire
Desire, oo like fire
Desire, oo like fire
