Step Up (Live At The Family Values Tour 2001)

Linkin Park

Watch as the room rocks men only moon walk
Mixed media slang, banging in your boom box
Verbal violence, lyrical stylist
In a time when rock hip hop rhymes are childishYou can't tempt me with rhymes that are empty
Rapping to a beat doesn't make you an Emcee
With your lack of skill and facility you're killing me
And a DJ in the group just for credibilityI heard that some of you are getting help with your rhymes
You're not an Emcee if someone else writes your lines
And rapping over rock doesn't make you a pioneer
'Cause rock and hip hop have collaborated for yearsBut now they're getting randomly mixed and matched up
All after a fast buck and all the tracks suck
So how does it stack up? None of it's real
You want to be an emcee you've got to study the skillWho can rock a rhyme like this?
Bring it to you every time like this?
Who can rock a rhyme like this?
Step, step up, step, step upSo you pick up a pen and write yourself a new identity
But mentally you don't have the hip hop energy
With a tendency to make up stories
Sounding like the only hip hop you've heard is top 40And your record company is completely missing it
All the kids are dissing it for not being legitimate
So in a battle you can't hack it, react with whack shit
And get smacked with verbal back flipsGet your ass kicked by fabulous battle catalysts
It's taken decades for emcees to establish this
You're new to hip hop and welcome if your serious
But not on the mic leave that to the experiencedUsing the waves of sound the true master
Paralyzes his opponents, leaving him vulnerable to attackWho can rock a rhyme like this?
Bring it to you every time like this?
Who can rock a rhyme like this?
Step, step up, step, step upWho can rock a rhyme like this?
Bring it to you every time like this?
Who can rock a rhyme like this?
Step, step up, step, step up, step upAfter years of pain staking research
By the world's leading sound scientists
We here at the sound institute have invented
A reliable audio weapons systemActual movement of musical sound
In space used to carefully attack and neutralize
The cellular structure of the human body
And the question must be askedWho can rock a rhyme like this?
Bring it to you every time like this?

Who can rock a rhyme like this?
Step, step up, step, step upWho can rock a rhyme like this?
Bring it to you every time like this?
Who can rock a rhyme like this?
Step, step up, step, step up, step upMixed media step up to the microphone
And you do it like this
