

# Dammit, I Changed Again

## The Offspring

"Hey, come inside  
While I stand here acting bored  
(yes I feel this way)  
Clear out the cobwebs in my soul

This time I turn around, things have  
changed  
Now I don't feel the same, yeah  
Start a fight, kick a fit, one more time  
Dammit, I changed again

Now I dont see things the way I did  
before  
(yes I feel this way)  
Things I feel yesterday  
Don't matter anymore

Doesn't make any sense  
To feel so different than today  
(yes I feel this way)  
When nothing's changed except for

Next time I turn around, things have  
Changed  
Now i don't the same, yeah  
Start a fight, kick a fit, one more time  
Dammit I changed again

Next time I turn around, things have  
Changed  
Now i don't the same, yeah  
Start a fight, kick a fit, one more time  
Dammit I changed again

Next time I turn around, things have  
Changed  
Now i don't the same, yeah  
Start a fight, kick a fit, one more time  
Dammit I changed again

I see it
