I Want You

Luke James

Verse 1:
It's crazy how your heart just has a mind of its own [yea, yea]
Like when a smile that makes the choice on its own [mhm]
Well the funny thing about this heart of mine...it knows what it wants
[But see the crazy thing is]
My mind tries to deny but girl I can't fight what I know
I know...Chorus:
I want youuu
Baby ooh
I want youuu
Baby ooh oohVerse 2:
Before I met you girl I never knew my heart could dance [hey! hey! hey!]
I was just a broken record of one night stands [ohh oh]
Until you came along with your beautiful song...you saved me
And now the funny thing about it
There's no melody without it
I found music when I found you
So hear me when I sayChorus:
I want youuu
Baby ooh
I want youuu
Baby ooh oohBridge:
See I've waited all my life
For someone like you
Someone like you
And nobody, nobody, nobody else will do
Because...Chorus:
I want youuu
Baby ooh
I want youuu
Baby ooh oohFade out:
Oh! Yea
I want you, I want you
Girl! Yea..
No one but you girl.
