

Deep In My Heart

S.O.A.P.

Here we are the two of us together
I feel it in my heart we can change the world forever
If you want me too I'll be there for you
Just remember Deep in my heart a valley so true
I wanna know where to start and baby
Deep in my heart there are miracles too
Just let me know how to start deep in your heart Like a falling star that shines in stormy weathers
I'll be where you are as long as we're together
I will trust in you though your days are blue
Just remember Deep in my heart a valley so true
I wanna know where to start and baby
Deep in my heart there are miracles too
Just let me know how to start deep in your heart Deep in my heart a valley so true
I wanna know where to start and baby
Deep in my heart it's true, I will follow you
Deep in my heart it's true, I'll be there for you Deep in my heart a valley so true
I wanna know where to start
Deep in my heart
