

# No Ordinary Girl

Bobby

Don't go jumping to conclusions  
Draw me into your confusion  
Don't you know that you're intruding?  
So back off for a while It's never been up for debating  
We got something worth the waiting  
I can tell your heart is aching  
And you wanna make me smile Some girls surrender  
But that's not my way  
All I can say is Give it time, you got to try  
If you wanna get inside my world  
It's no lie, just give it time  
'Cause I ain't no ordinary girl, yeah  
Ordinary girl It's not you that I'm rejecting  
It's my heart that I'm protecting  
Being careful about selecting  
Who gets into my thoughts Baby, these are my conditions  
I'll admit by free admission  
If you make the right decision  
You're the one I want Will you surrender?  
Don't go away  
Oh, I hope you stay Give it time, you got to try  
If you wanna get inside my world  
It's no lie, just give it time  
'Cause I ain't no ordinary girl, yeah Ordinary girl  
Oh, it's no lie, just give it time  
'Cause I ain't no ordinary girl It's not that I'm special  
Or think that I'm so fine  
But these are my boundaries  
If you wanna cross my line No, no  
If you wanna get inside  
Inside my world It's no lie, just give it time  
'Cause I ain't no ordinary girl, yeah  
Ordinary girl  
If you wanna get inside It's no lie, just give it time  
'Cause I ain't no ordinary girl, yeah  
Ordinary girl
