Capri

Devereaux

She's got a baby inside
And holds her belly tight, all through the night
Just so she knows, she's sleeping sound
Safely to keep her growing
And oh, when she'll open her eyes
There will be no surprise
That she'll grow to be so beautifully
Just like her mother, that's carrying
Oh Capri, she's a beauty
Baby inside and she loving
Oh Capri, she's a beauty
There is an angel growing peacefully
Oh Capri, sweet baby
Things will be hard at times
But I've learned to try
Just listening, patiently
Oh Capri, sweet baby
Oh Capri, she's a beauty
Baby inside, she's loving
Oh Capri, you're beauty
Just like your mother, that's carrying
Oh Capri
