

Red Hot and Ready

Y&T

You start me up
Girl, know how to use it
When you shake your stuff
You know I cant refuse itThe way you move your body
Makes me loose my mind
Should I call your bluff
Or are you just the teasin kind?I need some satisfaction
Just look at the shape Im in
I need some coolin, c-c-coolin
Girl, ya got meRed hot, red hot and ready
Ya know I cant stop
Caught in the middle of love, you got me
Red hot, red hot and ready
Girl ya know, I need what you got
Red hot and readyYou can call it love
Its easy to confuse it
Call it whatcha want
But baby let me prove itI can read your mind girl
Youre hot, now dont be shy
When I feel your touch
I feel the fire deep insideEverybody needs some satisfaction
Open up, let it all come in
I need some coolin, c-c-coolin, c-c-coolin
Girl ya got meOoh child, been a long time
Been a long, long time
Ooh child, since Ive met a girl
Who has as dirty a mind as mineRed hot, red hot and ready
Ya know I cant stop
Caught in the middle of love, you got me
Red hot, red hot and ready
Girl ya know, I need what you got
Red hot and ready
