In Stereo

Bomfunk MC's

When I listen to my stereo
All I hear is a funky flow
It really makes me loose control
Bomfunk MC's in stereo
In stereo, in stereoAll I hear is a funky flow
It really makes me loose control
Bomfunk MC's in stereoBut how right?
But how right?
But how right?Cannot hide it, can't deny it
It's so obvious you hope to hide it
Like a pilot you get a mic
Boom box blasting like a sirenRaw, you're a mighty lion
Raw, when pumping the iron
Raw, one million strong
Raw, turn it up, come onBut how right?
But how right?
But how right?
But how right?
But how right?When I listen to my stereo
All I hear is a funky flow
It really makes me loose control
Bomfunk MC's in stereo
In stereo, in stereoAll I hear is a funky flow
It really makes me loose control
Bomfunk MC's in stereoBut how right?
But how right?
But how right?Star supremo, with the ill flow
Got you yearning, turning reckless
You don't understand but you still wanna check this
One to two, to two to one techniquesBustin' the funk
Freakin' the funk
Eatin' the funk
Makin' it funkLoving the funk
Fallin' to funk
Yeah
So what's up punk?But how right?
But how right?
But how right?
But how right?

But how right?When I listen to my stereo
All I hear is a funky flow
It really makes me loose control
Bomfunk MC's in stereo
In stereo, in stereoAll I hear is a funky flow
It really makes me loose control
Bomfunk MC's in stereoBut how right?
But how right?
But how right?
But how right?
