

3am in Jakarta (feat. Ariel Nayaka)

Emir Hermono

I dont wanna think
I dont wanna feel
Late night thoughts of you
Late night thoughts of me
I just wanna drink
To get you out of me 3 AM Jakarta
3 AM Jakarta Bet you know what it feels like to be hurt
Brought down to the dirt
Neva treated like u the first
For better or for worse
U been mixing your emotions with these different kinds of potions
I be going back and forth with u cause baby thats the motion Its the notion i be getting when im vibin next to you
Like that kosher meal i ordered when im eating out with cu
Just like that type of connection i get when im with my crew
Its like 3am out here and all i wanna do is you I know that u been tryna play it safe
But my hands still wrapped right around your waist
Callin every night how was your day
Id sleep better if you went and said my name Last time i went and saw u, posted videos on my snapchat
Ex got super jealous, typed in jealous with a hashtag
Oh my what a beautiful lie
In with our business u think u'd survive
Hopin the most but im just not that guy
Makin the most outta this shit tonight 3 AM Jakarta baby
I dont wanna think
I dont wanna feel
Late night thoughts of you
Late night thoughts of me
I just wanna drink
To get you out of me 3 AM Jakarta
3 AM Jakarta
