Supernatural

Wild Orchid

Supernatural love, supernatural
Love like a river, flowing deeper than time
Rushing over my senses like sweet cherry wine
Stole my emotion like a thief in the night
Love made me an offer I couldn't deny
You raise me up until I can't see the ground
Wanna tell the whole world about this love that I found
Supernatural love, you're giving me
Supernatural high, oh keep on giving me
Heaven sent from above, heaven sent from above
Supernatural love, oh supernatural
I'd like the thank you for changing my world
You made a woman from a lost little girl
My soul was searching, searching to find
Something to cherish, a love so divine
I'm hypnotized by feelings I've never felt
It's like your magic put me under a spell
Supernatural love, you're giving me
Supernatural high, oh keep on giving me
Heaven sent from above, heaven sent from above
Supernatural love, oh supernatural
Keep on, keep on giving me, keep on
Keep on, keep on giving me, giving me
Keep on giving me supernatural love
Supernatural love

Keep on, keep on giving me, it's what I want
Keep on, keep on giving me, it's what I need
Keep on giving me supernatural love
Supernatural love
I'm hypnotized by feelings I've never felt
It's like your magic put me under a spell
Supernatural love, you're giving me
Supernatural high, supernatural high
Heaven sent from above, heaven sent from above
Supernatural love, woo hoo
Lift me up higher, higher and higher
Lift me up higher than I've ever been before yeah
Lift me up higher, higher and higher

With supernatural love
Keep on, keep on giving me, keep on, keep on giving me
Keep on, keep on giving me, supernatural love
Keep on, keep on giving me, keep on, keep on giving me
Keep on, keep on giving me, supernatural love
Supernatural love, keep on giving me
Keep on giving me something sweet, sweet
Heaven sent from above, supernatural love
Keep on, keep on giving me, keep on, keep on giving me
Keep on, keep on giving me, supernatural love
Keep on, keep on giving me, keep on, keep on giving me
Keep on, keep on giving me, supernatural love
