

# Modern Saints

## Von Bondies

Oh baby won't you wait  
Until you're old enough  
So grace and please don't  
Make me take your name in vain  
You're calling up the pain  
So please don't  
Make me suffer  
Please don't  
Choose another  
Please don't  
Celebrate  
Only she'll  
Decapitate now...  
Modern saints  
For modern hopefuls  
Modern saints  
For modern hopefuls  
Modern saints  
For modern hopefuls  
Modern saints  
For modern hopefuls  
Modern saints  
For modern hopefuls  
Modern saints  
For modern hopefuls  
Modern saints  
For modern hopefuls  
Modern saints  
For modern hopefuls  
Baby won't you wait  
Till we are old enough  
So great, so please don't  
Make me take your name in vain  
So calling off the pain

So please don't  
Make me suffer  
Please don't  
Choose another  
Don't  
Compensate  
It only seems  
To complicate now

Modern saints  
For modern hopefuls  
Modern saints  
For modern hopefuls  
Modern saints  
For modern hopefuls  
Modern saints  
For modern hopefuls  
So the days  
Turn to nights  
Ripping my life away  
Whats in store?  
Take my hand  
Close that door  
Tearing my heart away  
Evermore  
Turn the nights  
Say goodbye  
(?)  
(?)  
Take my hand  
Say goodnight  
Take the days  
Evermore...
