

Weight of the World

Erasure

Hey little wise man
You got the sweetest notion
The sweetest thing Just once in a lifetime
You need a helping hand
A helping hand You keep it wrapped up inside
It's like a lethal potion
Gonna find it soul destroying Don't take it any further now, baby
Won't lead you anywhere
It's pushing and a hurting you, baby
I'll say a little prayer No other wise man
Could take the hurt like you do
The pain like you Putting on a brave face
But it gets to you somehow
Gets through somehow You hold your head in your hands
And the weight of the world on your shoulders
Come and pour your heart out to me Don't take it any further now, baby
Won't lead you anywhere
It's pushing and a hurting you, baby
I'll say a little prayer You keep it wrapped up inside
It's like a lethal potion
Gonna find it soul destroying Don't take it any further now, baby
Won't lead you anywhere
It's pushing and a hurting you, baby
I'll say a little prayer
...
