Weight of the World

Erasure

Hey little wise man You got the sweetest notion The sweetest thingJust once in a lifetime You need a helping hand A helping handYou keep it wrapped up inside It's like a lethal potion Gonna find it soul destroyingDon't take it any further now, baby Won't lead you anywhere It's pushing and a hurting you, baby I'll say a little prayerNo other wise man Could take the hurt like you do The pain like youPutting on a brave face But it gets to you somehow Gets through somehowYou hold your head in your hands And the weight of the world on your shoulders Come and pour your heart out to meDon't take it any further now, baby Won't lead you anywhere It's pushing and a hurting you, baby I'll say a little prayerYou keep it wrapped up inside It's like a lethal potion Gonna find it soul destroyingDon't take it any further now, baby Won't lead you anywhere It's pushing and a hurting you, baby I'll say a little prayer
