You

Athena Cage

It's time to be honest with myself
I've fooled around too long
Now all I think about is you
And what we used to haveI'm scared to live without your love
'Coz you were really all I had
Now my only love has gone away
And it hurts so badThe only thing that's missing in my life, is you
The only thing I need in my life, is you
Is you, is you
Is you, babyIt's time to be honest with you babe
You made me a better woman
You cared for me so much
So much you scared me boyNow I feel you in the air I breath
Even though you're not in front of me
You were like a summer breeze
And it's killing meThe only thing that's missing in my life, is you
The only thing I need in my life, is youThe only thing that's missing in my life, is you
The only thing I need in my life, is youIs you babe
You're the only manI'm tired of crying, come back in my life
Think about it, it's been awhile
I've never meant to hurt you baby
You're the only man I need...The only thing that's missing in my life, is you
The only thing I need in my life, is youThe only thing that's missing in my life, is you
The only thing I need in my life, is youIs you
The only man is you
The only man is youThe only thing that's missing in my life, is you
The only thing I need in my life, is youThe only man is you...
